# Wheelchair info on Google Places

- How could we…

  display wheelchair accessibility-information
  from OpenStreetMap
  on a Google Places-page?

**This is an example of a Google Maps-page.**

Click on the title „Apostrophe Restaurants“ opens a Google Places-page…

**The Paragraph „Details“ of a Google Places-page.**

Data from several sources is displayed with attribution right below.

## Our idea:

Providing accordingly attributed wheelchair accessibility information from the OpenStreetMap through Wheelmap.

**Mouseover:**

„Wheelchair accessible: Yes“ shows link to Wheelmap and attribution licence.

# We know, we're not perfect.

- We need feedback.
  - About changes for tagging scheme.
  - For wrong taggings.
  - About duplicate data.

**bugs@wheelmap.org**

SOZIALHELDEN

# We’re hiring experts for…

- mass imports of POI data.
- country based POI lists.
- osmosis plugin (area geometric center).

# Thank you!
